**DETAILED ACTION**

***Election/Restrictions***

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claim 1, drawn to a method of thermal treatment, classified in class 250, subclass 492.2.
  - II. Claims 2-12, drawn to an apparatus for thermal treatment, classified in class 118, subclass 725.
2. The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as process and apparatus for its practice. The inventions are distinct if it can be shown that either: (1) the process as claimed can be practiced by another materially different apparatus or by hand, or (2) the apparatus as claimed can be used to practice another and materially different process. (MPEP § 806.05(e)). In this case, the apparatus as claimed can be used to practice another, materially different process, such as long-duration thermal treatment or thermal treatment of non-flat objects.
3. Because these inventions are distinct for the reasons given above and the search required for Group II is not required for Group I, restriction for examination purposes as indicated is proper.
4. A telephone call was made to B. Emerson on 3 August 2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

6. The Examiner also notes that Claims 3-12 each recite "Method or apparatus..." but each claim is ultimately dependent on Claim 2, which recites "Apparatus..." For the purposes of this restriction requirement, Claims 3-12 have been interpreted as reciting simply "Apparatus..." However, it is suggested that in replying to this restriction requirement, that Applicant submit an amendment correcting this issue.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Maureen G. Arancibia whose telephone number is (571) 272-1219. The examiner can normally be reached on core hours of 10-5, Monday-Friday.
